NEW EUR ca. 633,000.00

Type of Rehabilitation

Control Unit

- KASRO milling robot base control unit including extension with heating system for lateral connection rehabilitation systems

Cable drum

- KASRO overpressure mobile cable drum with approx. 100 m twin cable

Equipment

- KASRO electric working robot 1.7 self-propelled for DN130 – DN400
- KASRO egg-profile carriage DN200/300 for working robot 1.7
- KASRO electric working robot 4.0 self-propelled for DN200 – DN600
- KASRO egg-profile attachments DN250/375 – DN500/750 for working robot 4.0

Additional Items

- Manhole deflection device
- KASRO epoxy resin mixing unit for KASRO spatula robot for cans
- KASRO electric self-propelled unit 3.1 DN200 – DN600
- KASRO rotation module and KASRO injection system Optimus DN200 – DN600 KASRO Verpresssystem Optimus DN200 - DN600

Description	
Chassis Manufacturer	Volvo
Model	FL 240
Gross Vehicle Weight	12t
Power	240 PS
Emission Standard	Euro VI
Mileage	approx. 36,000 km
System Equipment	
Year of Manufacture	Putty Technology 2021
Air Conditioning	✓
Auxiliary Heater	✓
Generator	✓ PANDA18PVM
Compressor	✓
Battery pack	✓

71119
